

FileReader::readData

```
graph LR; A[FileReader::readData] --> B[FileReader::outputDataFile]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'FileReader::readData'. The right box is white and contains the text 'FileReader::outputDataFile'. A blue arrow points from the right side of the gray box to the left side of the white box.

FileReader::outputDataFile
