

osea::FileReader::setPath

```
graph RL; main --> ReadFiles; ReadFiles --> osea::FileReader::setPath;
```

A call stack diagram showing three function calls in a horizontal sequence from right to left. The first box on the right is labeled 'main'. A blue arrow points from 'main' to the middle box, labeled 'ReadFiles'. Another blue arrow points from 'ReadFiles' to the leftmost box, labeled 'osea::FileReader::setPath'. The leftmost box has a light gray background, while the other two are white. All boxes have a black border.

ReadFiles
